nbus, O., Dec. 5.—Governor l meet Ohio miners' officials rators today in an effort to the coal famine in the state. ciations on a national scale hington having failed, the governor believes it is time to attempt settlement on a state basis.
Cox did not disclose what sort of proposition he will offer to the disputants.
It is regarded significant that just before calling the meeting, the governor discussed the question at his office with leaders of the entire Ohio miners' group, namely, John Moore, president of the United Mine Workers of Ohio; Lee Hall, vice president; George W. Savage, secretary, and these district presidents; William Tobinett, Jacksonville; Geo. C. Cecil, Wellston; Thomas Price, Midvale; John Saxton, Saline ville; William Raay, Bridgeport, and W. C. Thompson, Cambridge.
What operators the governor has conferred with was not made known. It is said those to be here today will represent by far the greater portion of mining operations in Ohio.
It was declared today by men in close touch with the governor that if the nation-wide strike is to continue another ten days, approximately 780,000 men will be out of employment in Ohio because of shutdowns caused by the coal shortage.

Youngstown, Dec. 5.—Two thousand men were idle today with the closing of the Republic Rubber Co.'s plant on account of the coal strike. The Sharon Steel Hoop Co. plant will not re-open Monday and 2,000 more men will be out of work.

MOVIE MEN WILL PUT ELYRIANS ON THE SCREEN

Tomorrow afternoon at 2:30 moving pictures are to be taken in this city, and the public is urged to be in the business district so that all can appear in the picture when it is presented at a local picture house, in connection with the Community Service campaign.
Pictures will be taken of the Y. M. C. A. Boy Scouts, Y. W. C. A., Old Ladies Home, and other institutions, and it will be a valuable historical record of the city which will go down to generations to come, so if every one gets out on the street it will give the city a busier and a livlier appearance.

RURAL MAIL CARRIERS WILL TAKE EXAMINATIONS

Examinations for rural mail carriers will be held at Elyria, Lorain and Wellington on Dec. 13.
Widows of service men are eligible to compete and service men who are physically disqualified for manual labor are also eligible to take the examination and qualify for the several existing vacancies.

Edmund C. Perkins.

At the annual convention of the national drainage congress, to be held in St. Louis, Mo., Nov. 11, 12 and 13, Edmund C. Perkins, president of the organization, will urge that the government aid in the drainage of 80,000,000 acres of wet and overflowed lands. Cabinet members, governors of a number of states, investment bankers and distinguished engineers from various parts of the U. S. have been invited to attend the congress.

ELECTRIC DISPLAY SIGNS WILL BE BANNED BY FEDERAL FUEL BOARD

The Lorain County Electric Co. this afternoon said they had not as yet received official word from the National Fuel administrator to have all electrical display signs in Elyria dispensed with.
Washington announces that the order provides for the elimination of the electric display signs from St. Louis east to New York.
The official order, however, may be received by electric companies, at any time.
The order does not affect electric street lighting.

STREET CAR COMPANY URGES FUEL ECONOMY

Cleveland, Columbus and Southwestern Electric has issued instructions to motormen and conductors to conserve in the use of coal.
The bulletin posted says that only a fine grade of coal was obtainable and this could be wasted without getting the fullest results if the employees did not give the firing of car stoves the proper attention.

CHURCH TRUSTEES APPLY FOR PERMISSION TO SELL REAL ESTATE

The trustees of St John's Lutheran church on West Broad street have filed an application in court for permission to sell a portion of the real estate owned by the congregation.
The church property will be retained, but a ninety foot lot west of the church facing on Broad street, and a fifty foot strip facing West avenue will be disposed of. It is understood that a purchaser has already been obtained, but court action is necessary before the deal can be closed.

CONFERENCE ON MEXICO HELD TODAY

Leaders of Both Political Parties Have Talk With President.

(By Associated Press)
Washington, Dec. 5.—President Wilson will see Senators Fall, Republican of New Mexico, and Hitchcock, Democrat of Nebraska, at 2:30 p. m. today to discuss the Mexican situation.
Senator Fall announced that after the conference he would make public the evidence on which he based his charges in the Senate that the Mexican ambassador and consuls, in the United States were circulating "Red" propaganda. Senators Fall and Hitchcock were named a committee yesterday by the Senate Foreign Relation committee to confir with the President to seek his views on the resolution of Senator Fall, requesting the President to sever diplomatic relations with Mexico. The Senator will go to the White House after the President's Cabinet has held a special meeting at which the Mexico situation will be discussed.
The Foreign Relations Committee will not meet until Monday to receive the report of the Senate as to the President's views on the Mexican situation.

LOCAL BOARD DISCUSSES THE FUEL SHORTAGE

City Fuel Board Chairman Charles Huff, Mayor Asaph R. Jones and local coal dealers met this afternoon in the office of the mayor to go over the coal situation in this city.
"Most of the homes in Elyria are supplied with coal," Mayor Jones said at the meeting. "There are some families whose financial condition would not permit the purchasing of coal during the summer months. It is these families that we will help."
Frequent reports came to Mayor Jones today of homes entirely out of coal. In one or two instances it was found that these families declined to pay current coal prices or wanted a cheaper grade of fuel than available. One West River Street family was entirely without coal for heat of any kind in the home today. Mayor Jones immediately arranged to have fuel delivered to this home.
The fuel board told inquirers that it would have to purchase all the coal available and at the prices set by the national fuel board.
There is no $7.50 coal available here. The cheapest coal on hand, the board is informed, is the $9 a ton kind.

BANDITS RAID TEXAS STORE

(By Associated Press)
Houston, Texas, Dec. 5—General Walters, commanding the Texas cavalry with headquarters here today received advices of a raid by Mexican bandits on a store near the border 11 miles South of Zapata. The information said the owner of the store was bound while the place was looted and the bandits fled across the border.

TWO ELYRIA BUSINESS MEN PURCHASE SOME VALUABLE PROPERTY

Charles O'Donnell, news stand and cigar store proprietor located in the city hall building, has purchased the Reefy building, on Court street, now occupied by the Elyria Print Shop.
The price paid is said to have been $25,000.
Just what will be done with the building was not learned. Mr. O'Donnell said today as he did not know how long he would be permitted to remain in the city hall building. The purchase was made with a view to being safeguarded for the future.
It was also reported today that O. J. Bannon purchased property near the Elks' club on Second street. The consideration is said to have been $21,000.

JURY IN DAVIES CASE OUT SINCE 10 O'CLOCK TODAY, DELIBERATING

One of the final chapters in the trial of Walter Davies charged with embezzling funds of the City Bank of Lorain, and with misapplication of the bank's funds was reached this morning, when Judge Kennedy gave his charge to the jury, following which it retired to deliberate on a verdict.
The charge was considered fair and impartial by counsel for both the state and the defense. He eliminated from the consideration of the jury all evidence concerning any transaction except those stated in the indictments, and instructed it in the usual way that if it found from the preponderance of the evidence that the defendant was guilty then it was its duty to so find, and if on the other hand there was a reasonable doubt as to his guilt, then its verdict should be for the defendant.
The jury took the case at 10:30 this morning, and had not arrived at a decision at noon when it was taken to dinner by court bailiffs and returned at one o'clock to further deliberate.
Judge Kennedy's charge was in substance as follows:
At the outset of his charge Judge Kennedy told the jury that the burden of proving the defendant guilty was upon the State and that under a plea of not guilty the law arbitrarily creates a presumption in favor of every one charged with a crime that he is presumed to be innocent until he is proven guilty according to law. The defendant is entitled to the benefit of this presumption until, after weighing the testimony carefully according to the tests prescribed by law, the jury reaches the conclusion that this presumption has been overcome and they are satisfied of his guilt beyond a reasonable doubt.
The court enjoins upon the jury that neither their consciences nor their oaths should be tarnished by the slightest departure from their duty. The decree of evidence that governs and controls jurors is that they shall be satisfied of the guilt of the accused beyond a reasonable doubt before they can find him guilty, and if not so satisfied they should acquit him. It is not incumbent upon one charged with a crime to satisfy the jury or the existence of any material fact which, if true, would constitute a complete defense; it is sufficient if the evidence taken as a whole creates in the minds of the jurors a reasonable doubt of the guilt of the defendant, in which he is entitled to be acquitted.
A reasonable doubt was defined as a doubt founded upon a real tangible, substantial basis, such a doubt as would cause a reasonable, prudent and considerate person to pause and hesitate to take action concerning matters affecting his own material interests, or in matters pertaining to the graver and more important affairs of life. A doubt is not reasonable if it rests upon or is founded upon a mere caprice, fancy or conjecture; it is unreasonable also if it arises in the mind of a juror by reason of his own personal feelings, passion or sentiment.
The jury were instructed generally as to their province in weighing the evidence and judging of the credibility of the witness, and as to the testimony of an accomplice the court said that the degree of credit which ought to be given to the testimony of a witness who has turned State's evidence is a matter exclusively within the providence of the jury to decide. The jury should not convict one charged with felony upon the testimony of an accomplice alone and without corroboration. Judge Kennedy did not consider it within his province to name any witness or witnesses who came within this rule of evidence. He also advised the jury to view with scrutiny the evidence of witnesses as to alleged oral admissions or statements of the defendant, and to receive such evidence with caution, but instructed them that it was within their sole province to weigh such evidence and give it the consideration to which in their judgment it is entitled in view of all the other evidence in the case.
After carefully explaining the elements of the crimes of embezzlement and misapplication of funds charged in the first count of the indictment, the court discussed the law of conspiracy. Whether or not there was a conspiracy between the defendant and W. W. Treble, in the transaction involved and under investigation, he said was a question for the jury. If it should appear from the evidence that the defendant and Treble pursued by their acts and declarations the same object, by the same means, one performing one part, the other another part of the same, so as to complete it with a view, design and purpose of the attainment or accomplishment of the same object or end, the jury may consider such evidence to determine whether the defendant and Treble were or were not engaged in a conspiracy to effect the object and purpose of such conspiracy. For the purpose of determining whether or not the defendant and Treble were engaged in a conspiracy, the jury may consider any and all acts and declarations of the parties alleged to have formed the alleged conspiracy, or to have entered therein, as well as any and all writings or documents which may have been prepared by the parties alleged to have been engaged in said conspiracy and all other evidence or documents offered in evidence in the opinion of the jury may have any bearing thereon, or connected therewith. If the jury are satisfied beyond the existence of a reasonable doubt that there was such a conspiracy, and for such purpose, and that the defendant was a party thereto, then they may consider such fact of conspiracy as well as any and all declarations of the parties thereto in determining the guilt or innocence of the defendant of the charge made in the indictment. If not satisfied of the existence of such conspiracy and of the defendant's connection with it, then the jury should not consider it in determining the guilt or innocence of the accused of the crime charged against him.
Circumstantial evidence was defined and the jury instructed that to authorize a conviction on circumstantial evidence alone, the circumstances relied on must be proven beyond the existence of a reasonable doubt. These circumstances should not only be consistent with the defendant's guilt, but they must be in-

The abduction, it is said, was the outgrowth of a murder committed last summer at Melrose park, near Chicago. Sam Solembrino, a brother of Stephen, was accused of the murder and was arrested here. Stephen, it is said, believed Bedinto was responsible for his brother's arrest.

BRYAN MAYOR, FORMER ELYRIAN WRITES LETTER TO MAYOR JONES

Mayor Jones is in receipt of the following letter from R. H. Lanphere Mayor or Bryan, O., a former resident of this city, and he tells in a most entertaining way of some of his experiences here some forty years ago. His letter follows:
My Dear Sir: For some time I have been wanting to get a copy of Elyria ordinances. In a correspondence I had with Hon. D. J. Nye, I asked him about getting a copy and he kindly referred me to you. He thought you might have an extra copy or could tell me where I could get one.

FIRE MARSHALL ISSUES XMAS FIRE WARNING

W. J. Leonard Urges Elyria and Ohio to Show Clean Record This Year.

"Let Ohio have a fireless yuletide" is the plea set forth today by State Fire Marshal William J. Leonard. "Let the state show a clean record during the coming holidays. In order to keep the Buckeye state in the forefront of fire prevention, every merchant, manufacturer, householder and housewife will have to redouble vigilance during the holiday period."

The first step toward a safe and sane Christmas, Mr. Leonard declares, is to "make the Christmas tree safe," and he lays down these ten rules whereby this can be accomplished. They are:

1. See to it that no cotton batting, crepe or tisue paper decorations are used. There are plenty of fireproof substitutes that are cheap and sufficient.

2. Put matches away so that children will not be tempted to light the tree. It should be lighted by or in the presence of a responsible, older person.

3. Do not leave the lighted tree a moment; the cheap, modern candle burns rapidly, sheds paraffine down the sides and soon bows over. This exposes more wick and creates a larges flame but it is but a moment until the taper bearing branches are a pillar of fire.

4. Do not have the lights so low that the dresses of children can come in contact with them. In the eager search for and the unwrapping of toys, little or no attenion is paid to the illuminating feature.

5. Use electric lights if you can afford it. But have someone who knows, install them.

6. If the tree is in a public place have older people constantly on on guard.

7. Under no circumstances use cotton or canton flannel in Santa Claus costumes.

8. Remove at once all tissue paper wrappings, excelsior, etc.

9. Never place candles in windows. There is great danger of drapery and curtains catching fire since the house is often left alone while the inhabitants attend festivities incident to the Yuletide season. The fire gets a good start before the neighbors notice it.

10. Candle sticks are a menace unless they are made of incombustible material and have a wide base. Never leave a candle burning when one is to be away from the room for any length of time.

"If the householder and housewife will co-operate in observing these few rules there will be no Christmas home fires in Ohio this year," said Mr. Leonard today.

"Carelessness is America's curse and by reason of that carelessness we pay $450,000,000 fire waste every year.

The merchant too, must do his bit, according to the fire marshal, not only in the matter of care of trimming windows but in watching how his employes do the unpacking.

"Window displays produce another hazard, augmented by the character of the electric wiring, or by the condition of gas or other lights. Bad wiring cost the United States $16,559,433 in one year.

"The modern show window has developed to such an extent that it is effective as a sales promotor and practically devoid of electrical hazards if the wiring is installed by an expert.

"The manufacturer can do his bit by refusing to make those things which in the past have proven to be dangerous and by kindly talks with the employes along the lines of fire prevention, no only in the factory but in their homes.

"So let the people of Ohio at the end of the holiday season, point with pride to their record of 'no careless fires for the Buckeye state.'"

FORMER senior chaplain of the A. E. F. has not put away war with the uniform. He is one of the leaders of the Episcopal Church's part in the world's second "adventure of faith" of which he speaks—the fight for a new and higher order. He is helping to carry to victory the new campaign, which will enable the church to expand to meet new problems at home and abroad.

"The Church in general and our Church in particular," he says, "is needed to quell the rising forces of disorder by unveiling the Christ of order by promoting social justice and to bind men together by the law of love, without which no pact of nations can hope to do more than gum together the outside edges of life."

SPECIAL SERVICES MARK THIS WEEK IN EPISCOPAL CHURCHES

THIS is called intensive week in the nation-wide campaign of the Episcopal Church.

Daily celebration of the Communion in the churches will mark succeeding days to December 7, when the Every Member canvass takes place.

Rev. R. W. Woodroofe, chairman of the campaign committee in northern Ohio, says: "The spirit and purpose of the whole movement should during this week be equally set forth. Team captains and teams and the whole membership of the parishes should be brought together for inspiration, instruction and for the creation of the consciousness of their corporate responsibility."

Sixty parishes in the diocese of Ohio, which covers the northern part of the state, are carrying out Rev. Woodroofe's ideas preparatory to the special work to be done December 7th.

Former Attorney-General of the United States George W. Wickersham is actively engaged in the nation-wide campaign of the Episcopal Church which is being carried on to create a more practical and efficient religion.

This increasing of the human practical and efficient side of religion is one of the big problems to be tackled by the Episcopal Church which is to increase at home and in foreign countries its religious, educational, hospital, and social service work.

A slim girl would not object to having a thick waist if the thickness was above the waist line.

Another prize poet is the man who holds you up for two hours while he tells you how busy he is.

A Mother is a person who knows what the baby is saying when the baby doesn't know himself what he is saying.

This would be an easier world on the eyes if so many men did not imagine that Dignity means Whiskers.

The reason why a girl hates to have her fellow kiss her and hug her and hold her hand is because her father gets mad every month because gas bill is too small.

WOMEN SHOULD WED AT 18, DOCTOR SAYS

Dr. Ada Potter.

For physical, romantic and social reasons, girls should marry at eighteen, because then they have better children, and are happier—they and their husbands growing together with the years, says Dr. Ada Potter of Utrecht, Holland, distinguished woman physician now in the United States.

Manitoba's output will reach 1,000,000 pounds this year, according to J. H. Evans, deputy minister of agriculture, exceeding the highest previous record by more than 100,000 pounds. The Manitoba honey crop is valued at over $300,000. A single farmer in Alberta harvested 1,000 pounds from thirty hives. British Columbia's crop for 1919 is estimated at 450 tons, an increase of 30 per cent over that of last year. With honey quoted at 40 and 50 cents a pound, the value of the crop of all Canada this year is estimated at more than $3,000,000.

Rt. Rev. William Andrew Leonard

OHIO BISHOP SEES CHURCH ON EFFICIENT BUSINESS FOUNDATION

"A THREE months' survey just completed presents the reasonable needs of the Episcopal Church for the maintenance of its present activities and for future development," says the Rt. Rev. William Andrew Leonard, Bishop of the diocese of Northern Ohio.

"With the formal adoption of a budget planned for church management, the creating of an executive committee, and the announcement to the dioceses of their quotas, the Joint Commission of the Nation-wide Campaign of the Episcopal Church clears the way for action by the whole church in the greatest concerted movement in its history.

"The plan now under way in diocesan parishes has been undertaken," says Bishop Leonard, "upon order of the general convention of the church, which met in Detroit November 7, and of the Ohio diocesan convention of last May."

GAS IN THE STOMACH IS DANGEROUS

RECOMMENDS DAILY USE OF MAGNESIA TO OVERCOME TROUBLE—CAUSED BY FERMENTING FOOD AND ACID INDIGESTION

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of too much of excessive and disagreeable acid in the stomach, commonly specialized "acid indigestion."

Acid stomachs are dangerous. Nothing can irritate and irritate the delicate lining of the stomach more than the constant discomfort accompanied by setting stomach gases, food fermenting and souring, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with drastic digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bisurated Magnesia and take a teaspoonful in a little water after meals or whenever sour, gassy, acid stomach is noticed. This will drive the gas, wind and acid out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no better, more harmless or more effective preparation than Bisurated Magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

The Duchess of Marlborough, who was Consuelo Vanderbilt, is reported ready to follow Lady Astor's example and offer herself as a candidate for parliament. The duchess was the first American born woman to be elected to the London county council as Lady Astor was the first to win a seat in the house of commons.

ELYRIA COUPLE VICTIMS OF AN AUTO ACCIDENT

Mr. and Mrs. Jacob Schaeffer, of this city, were the victims of an automobile accident about 10 o'clock when their car was run down while in Cuyahoga county en route home from Cleveland.

The Schaeffer machine, which was a new Studebaker that had just been purchased, was badly wrecked. The accident took place on a narrow brick pavement, when a machine carrying three men crashed into them.

As it was a most apparent case of reckless driving Schaeffer tried to get Cuyahoga officials to arrest the men, and failing, he called for Sheriff Backus who went to the scene, and found the men were from this city. He invited them to ride back with him and when the Lorain county line was passed placed them under arrest and locked them up. Today Mr. Schaeffer and his attorney have gone to Cleveland to have warrants issued for them. The sheriff states that the men had been drinking which might explain the accident.

Mrs. Schaeffer received a cut on the forehead by the accident but Mr. Schaeffer was uninjured.

MANY BUSINESS WOMEN NEED PEPTO-MANGAN

THEY BUILD UP PROMPTLY ON PEPTO-MANGAN

RECOMMENDED BY PHYSICIANS

BUILDS RICH, RED BLOOD—CREATES NATURAL ATTRACTIVENESS—PLEASANT TO TAKE

The pale, nervous, always-tired type of young business woman is a liability both to herself and to her employer.

How the bright, laughing, energetic type of girl is admired in business. Her sunny disposition, enthusiasm and general efficiency combine to make her a valuable asset to her employer.

If the girl with the continually listless, tired, and worn-out feeling would only realize that such a condition is probably caused by poor, impoverished blood which can be easily improved, how much happier she would be!

After taking Pepto-Mangan for a short time, the cheeks regain the wholesome, rosy complexion, the eyes sparkle, the step quickens, the entire system is filled with new vitality and energy.

Pepto-Mangan is sold in both liquid and tablet form. Both are of the same medicinal value.

Ask for "Gude's" in the genuine Pepto-Mangan. If "Gude's" is not on the package it is not Pepto Mangan.

WIND STORM INSPIRES PITTSFIELD REPORTER TO WRITE VERSE NEWS

Pittsfield, Dec. 4.—There was a most destructive wind storm on Saturday creeping, much damage being done. It came with a roar from the western sky. And over the distant hill. It shook the houses as it thundered by And bent the woods to its will." On account of telephones being out of order we could not reach all of our territory, but are sorry to report as much as we do. The wind mills on the B. M. Billings farm, and Floyd Avery farm were blown down. One barn on the B. M. Billings farm was unroofed and a hen house blown down. The roof of Miss Nellie McCloberin barn was partly taken off, also her house injured. The barn roof of Mrs. M. J. Campbell's barn was taken off. Nearly all trolley line poles and some telephone poles for a mile north of the center are down. Many forest trees, mostly maple, also fruit trees were uprooted, fences are down and barn doors were torn off on almost every farm. And many roofs on buildings were more or less injured. It will be sometime before all these buildings can be repaired. The greatest injury to us is the loss of our trees.

CATARRHAL DEAFNESS MAY BE OVERCOME

If you have Catarrhal Deafness or are even just a little hard of hearing or have head noises go to your druggist and get 1 ounce of Parmint (double strength), and add to it 1-4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone losing hearing or who has Catarrhal Deafness or head noises should give this prescription a trial.

Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite Influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.

He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and sooth and heal the inflamed membrane in a few days.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Pour three-quarters of an ounce of Mentholized Arcine into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arcine in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

MILLER WILL KEEP BUSY WITH BOXING

Lorain, Dec. 5.—Alvie Miller, Lorain featherweight, hopes to appear in a boxing match once a month during the winter. He is training faithfully and expects to get a chance at the title some day.

Alvie is anxious to meet the toughest boys in the game as rapidly as possible. He wants experience and the chance to make good, he says. Miller will go south with the Cleveland Indians in the spring.

"If I work hard all winter I ought to be entitled to ... I have had ... today. ... Miller said

Princess Zonia is the wife of Prince Enrico Alliata di Villafranca, brother of the present head of a noble Italian family, Gabriel, fourteenth prince of Villafranca. She is the daughter of Don Carlos de Ortenau and was married in Rome in 1912. She is noted in her country for her beauty.

BE PREPARED FOR INFLUENZA

Many medical men say we will probably have another epidemic this fall. Let us all hope and pray we will not.

But at the same time let us be well prepared.

The flu as it is called, usually starts with a cold and tightness in the chest.

If you even suspect there is a chance that you may be getting influenza take a good dose of laxative tea, such as Dr. Carter's K & B Tea or Celery King and send for your physician. While you are waiting for the doctor rub Begy's Mustarine on throat and chest.

Rub it on freely and never mind if it does feel good and not it cannot blister even the tenderest skin.

But don't stop at throat and chest; get some one to rub this enemy of inflammation over your entire back and especially between the shoulder blades.

This is one of the most sensible precautions you can take against pneumonia, which often quickly follows the flu and is just what the doctor tries hard to sidetrack.

You can get Begy's Mustarine for 30 and 60 cents in yellow boxes all ready for use at any drug store.

Remember it is made of real yellow mustard. Use it for sore throat, coughs, chest colds, pleurisy, bronchitis, lumbago and all aches and pains. —Advt.

Letters to Santa

Elyria, O., Dec. 1, 1919.

Dear Old Santa Claus

I go to school every day. But haven't learned to write, and asked Mother to do it for me.

I would like a lot of building blocks, a writing desk and blackboard, some games, candy, fruit, Xmas tree and meccano, and can you have real nice weather so I can go to Grandma's house. I love you Santa and will be a good boy.

Kenneth Olmsted,
432 1st Pl., Elyria, O.

Dear Santa:

Please bring me a live puppy dog and I would like to have a chain for my dog and I would like much to have a dog house for my puppy, and I would like very much a mechanical set, No. 10. But I would like the dog and the dog house the most of all.

Your little friend,
Buddie Taylor,
333 West 4th St.

I am almost 9 years old so you will know how big a puppy I would like.

How To Get Health

When You Are Weak, Run-Down, Nervous And Tire On The Slightest Exertion.

This condition shows that Iron, the life and strength of your blood is wearing out, your nerve force is decaying and vitality is becoming low.

Disease acts only on those whose blood is thin and watery, impoverished or impure and never affects persons whose blood is rich and pure with plenty of Iron in it. Dr. Chase's Blood and Nerve Tablets are a wonderful restorative because they contain Iron, Nux-Vomica, Gentian, Capsicum, and Zinc Phosphide which makes them a most valuable tonic for the sick, convalescent and overworked. Each dose means more energy, more nerve force, more strength. They put snap into you which makes life worth living. Sold by Druggists 60 cents. Special, (Stronger more Active 90 cents)

MEAT CAUSE OF KIDNEY TROUBLE

Take a glass of Salts if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat everyday, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three time during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

NATIONAL TUBE CO. HAS ONLY A FEW DAYS' FUEL

Lorain, O., Dec. 5.—National Tube Company, U. S. Steel Corporation plant, not effected by the steel workers' strike, has but sufficient coal to last but four or five more days.

The plant employs 7000 men.

The coal shortage is such that some of the departments may be compelled to close tomorrow afternoon.

The local yards of the American Shipbuilding Co. have completed arrangements to use oil instead of coal and thereby expect to be unaffected by the coal famine.

KIPTON BLACKSMITH DROPS WEIGHT ON FOOT

Kipton, Dec. 5.—Blacksmith Harry Sedlum dropped two hundred pound tool iron on his foot.

The Literary club of Kipton, meets Friday afternoon.

We are again too busy to go into detail concerning the various properties we have for sale. But wish to remind you all that we have several houses that are not quite completed and we ask the contemplative visitor to let us show how these [illegible] are being built.

Don't let the other fellow tell you for his own profit that this house is or was skimped.

When you wish to purchase we would consider it a favor if we may show you the houses we have for sale.

We have good homes on some of the most promising residence streets. We have some cheap homes some in good locations. Some that needs repairs, some that needs heaters and electric lights to make them very attractive homes.

Hart, James Day, Lydia Day, Kellogg Day, Frederick Day, Edmund Day, Eleanor Day, William Day, Jarvis Lillabeth M. Jarvis, Elizabeth Hart, Hetty B. Hart, Isaac V. Bruce, Winthrop Randall, Charles M. Randall and Kate Randall, whose residences are unknown will take notice that on the 14th day of November, 1919, Wilfred Paradise as plaintiff filed his petition in the Court of Common Pleas, Lorain County, Ohio, case No. 16564 against the above named parties and others to quiet his title in the following described real estate to wit:

Situated in the City of Lorain, County of Lorain and State of Ohio and known as being part of Lot No. Forty seven (47) Sheffield Township, Lorain County, Ohio and now in the City of Lorain, Ohio bounded beginning in the north line of East Erie Avenue at a point two hundred and seventy-five (275) feet east of an iron pin in the southwest corner of land deeded by George Randall to W. B. Thompson on the 8th day of September, 1903, and recorded in Vol. 95 at page 89 of the records of Deeds of said County, thence northerly in a line parallel with the easterly line of land so deeded by George Randall to W. B. Thompson as aforesaid (Vol. 94 page 89) and twenty five (25) feet distant westerly therefrom as measured along the northerly line of East Erie Avenue to low water mark of Lake Erie, thence easterly along low water mark of Lake Erie to a point where a line drawn northerly and southerly parallel to the easterly line of lands so deeded by George Randall to W. B. Thompson (Vol. 94, page 89) and seventy-five (75) feet distant easterly therefrom, and as measured along the northerly line of East Erie Avenue would intersect said point in low water mark as aforesaid, thence southerly along said line parallel with the easterly line of lands so conveyed by George Randall to W. B. Thompson as aforesaid (Vol. 94 page 89) and seventy five (75) feet distant easterly therefrom, as measured along the northerly line of East Erie Avenue, to the north line of East Erie Avenue, thence westerly along the northerly line of East Erie Avenue a distance of one hundred (100) feet to the place of beginning and containing within said boundaries about six hundred and ninety five one thousandths of an acre of land (695 1000ths).

And being the same property conveyed by George L. Glitsch and L. A. Braun, Executors of the last will and codicil of D. A. Rowley, deceased, to Oliver A. Grills, April 14, 1913 and which said deed is recorded in Lorain County Records of Deeds Vol. 129, page 62 and in which said premises above, defendants and each of them, claim some interest, the exact nature and extent of which is unknown to plaintiff. Said parties are required to answer on or before the 3rd day of January 1920 fixed by their respective claims, if any they have, or be forever barred therefrom, and for such other and further relief as the court in equity and good conscience can grant.

SEND ANARCHISTS BACK TO EUROPE

(By Associated Press)

New York, Dec 5—Alexander Durkman and Emma Goldman, his companion in thirty years of anarchistic activities, were sent from the mainland of the United States today probably never to return They were ordered deported for urging the overthrow of the government by force. They were taken by ferry from the tip end of the Manhattan to the Immigration Station at Ellis Island where they will be held until a ship is available to send them to Russia whence they came.

FIGHT TUBERCULOSIS
Red Cross Christmas Seal Campaign

Heralding abroad a message of hope, this picture appeal goes forth into the highways and byways of America—an insistent reminder that the country's greatest health menace, tuberculosis, is both preventible and curable. The poster is issued by the National Tuberculosis Association, which directs the annual sale of Red Cross Christmas seals from which its funds are chiefly derived. The organization has set $3,500,000 as its goal for the seal sale campaign this year.

Wellington Chamber of Commerce Negotiating For Large Tract of Land.

Wellington, O., Dec. 5.—George S. Addams, Judge of Juvenile Court, Cleveland, writes Mayor Ray Wells, that the State Commissioners are favorable to locating the new $600,000 home for feeble-minded persons at Wellington.

The Wellington Chamber of Commerce is urged by the State Commissioners to negotiate for a 1,000 acre tract of land on the Cleveland, Columbus and Southwestern Electric line.

The state commissioners, Mayor Wells is informed, favor Wellington because of its close proximity to Cleveland and being in the center part of the northern half of the state.

The state commissioners will be informed that suitable property at a reasonable price is available near Wellington.

VIOLA DANA WINS NEW LAURELS ON SCREEN

Clever Metro Star Plays Original Role in "The Microbe, at Colonial.

Viola Dana, the winsome little Metro star known both to stage and screen fame, will be seen at the Colonial theatre today in "The Microbe," a clever and original drama by Henry Altimus, published as a short story in Ainslee's Magazine.

Miss Dana's stage career began at the age of five when she made her debut as a toe dancer. As she grew older she studied drama and won success in the child parts of such plays as "Rip Van Winkle" and "When We Dead Awake." Her greatest fame however came when she was starred in "The Poor Little Rich Girl," a production which ran for two consecutive seasons in New York.

"Mutt and Jeff" in their latest and greatest "fun phest" entitled "Mutt and Jeff's Dream," will make their annual visit at the Rialto theatre Friday and Saturday night, Dec. 5 and 6.

The new play is said to be the one big laugh hit of the season, combining fun that is clean and wholesome, likewise original Music of the "catchy" variety, settings, mountings and a scenic production that dazzles. Comedians and vaudeville acts of the better grade and a company of thirty, mostly girls, including a chorus of sprightly maidens who can both sing and dance are some of the things that make "Mutt and Jeff's Dream" the foremost of all popular priced musical farces comedies.

Although the high cost of everything has pervaded the theatrical line, same as all other business, it is Mr. Hill's intention to give the theatregoing public the benefit of pre-war prices just as long as it is possible to do so.

"The Amazing Wife" Comes to Dreamland On Sunday and Monday

Universal City, California, the biggest centre of motion picture production in the world, attracts many distinguished visitors annually, and of those who call, practically all express a desire to see Mary MacLaren "the American Beauty of the screen."

Soon after she took up her quarters at Universal City, Miss MacLaren started the custom of asking her callers to autograph her studio door. As a result, an imposing list of names has been gathered that almost covers one of the panels.

Recently circumstances made it necessary for the star to change her dresing room. She immediately asked the studio manager to see that her old door was moved with her, and it was not until the familiar list of celebrities confronted her that she felt at home in her new location.

Miss MacLaren's latest picture "The Amazing Wife," will be seen at the Dreamland theatre next Sunday and Monday.

Ray and Fair in a New Photoplay Now at American

Albert Ray and Elinor Fair are coming to the American theatre today for two days in what is said to be the best and most distinctive offering they have presented to date. It is entitled "Love is Love"—is an intensely dramtic story and shows young Albert Ray in the part of a youth who has been forced into aiding thieves despite the revolt of the good that is in him which at last triumphs through the influence of his love for a beautiful girl (played by Miss Fair.) The boy is drawn up from his criminal environment, and finally realizes his ambition to become somebody in the world

"THE VAMP" IS AT THE STRAND

John S Stumar was the cameraman for "The Vamp," the new Inco picture for Paramount, in which dainty Enid Bennett is featured at the Strand theatre. Stumar is an artist, too, a wizard with the camera. He knows every trick of light, color and reflection. He is remarkably successful because he studies each scene before "shooting" it. In this picture he got some unusually fine shots.

Keep "Fit as a Fiddler"

Success is doubly easy for the man or woman who has vigorous health. The greatest cause, both direct and indirect, of poor health in America is *constipation*. Our highly refined food, with our lack of proper exercise, leads to kidney trouble, liver trouble, stomach trouble—all of which are made worse by constipation.

Investigate This Offer

WE'LL deliver The New Edison and your selection of records to your home at once—all you have to do is make a small first payment. Play Mr. Edison's wonderful phonograph in your parlor for a whole month. See for yourself how necessary it is to your home. Then, after 30 days, start paying on easy monthly terms, so low that you'll never miss the money.

The NEW EDISON

No Needles to Change

Even records of all other makes sound more human when played on The New Edison

Mr. Edison's wonderful phonograph with the diamond reproducer is indeed the king of home entertainers. It brings cheer to the home for every hour and every mood. There is no end of the variety—from comic dialogues to sacred hymns, from vaudeville to grand opera, brass bands, waltzes, two steps, organ, quartets, concerts, etc. No home need be without the New Edison now that we make this special offer by which you scarcely feel the expense.

Thomas A. Edison says The New Edison is his *favorite* invention. For years he toiled, night and day, taking little time for sleep, until he was ready to pronounce his phonograph "perfect." But when, at last, he did give The New Edison to the world, its music was true to life—just as if the living singer or player sang from the cabinet! Now, on our liberal offer, you need not be satisfied with anything less than Mr. Edison's genuine instrument.

Great Opera Star Makes Surprising Test

The illustration above shows Ciccolini, the well known star of the Chicago Opera Company, singing in direct comparison with the Re-Creation of his voice on the New Edison. Before him are Carolina Lazzari and Virgilio Lazzari, both leading members of the same company. When Ciccolini started singing with the New Edison, Virgilio exclaimed, "A duet! And they're alike as two peas, I wonder if I can tell them apart." Closing his eyes he listened attentively. Gradually Ciccolini sang more softly. Finally he ceased. "Why don't you stop?" inquired Lazzari a moment later. "So that I can tell the difference?" Ciccolini and Signorina Lazzari burst into laughter. Lazzari, the noted basso, even he had been utterly baffled. He could not distinguish artist from instrument.

Hunting Eye Attends Council

BY R. S. ALEXANDER

Hunting Eye wondered what the big stone building with the tower was for. He entered a door which stood open. Ahead of it, was another door with light showing through the crack at the bottom of it. When he opened it, he saw a number of men seated listening to one of their number who was speaking. The little Indian Boy slipped into a seat and sat quietly until the meeting was over. One of the men approached him and said kindly: "Well, you" butted into politics this time, sonny."

"What is this meeting?" asked Hunting Eye.

"It is a meeting of the Council."

"But the council is always held out under the open sky," said the boy from the North Woods.

"True, among your people, the chiefs and medicine men, seated about the council fire, make laws for the village. We also have a council which makes laws for the city. In some cities, it is called the city council, in others, the board of aldermen, and in still others, the city commission. Its members are councilmen, aldermen, or commissioners. The laws which the council makes are called ordinances.

"Usually the city is divided into sections called wards. Generally, one or two aldermen are elected from each ward by the people of that ward. Sometimes, however, the aldermen are elected at large which means that they are elected by the people of the whole city instead of just one ward. The aldermen are elected for a definite term of office (usually two or four years) which varies from city to city.

"The Council or Board of Aldermen is different from the Commission. The main difference is that the council can only make laws and can not enforce them. The city which has a council has also a mayor to enforce the ordinances. A commission, however, does the work of both the mayor and council. It makes the laws and enforces them. In some cities, the commission is elected merely to choose a city manager. He makes the ordinances and enforces them. He is the whole government in himself."

1. What is the term of office of your alderman?
2. What ward do you live in?
3. How many aldermen in your city council? How many elected from your ward?

Nature's Christmas Tree

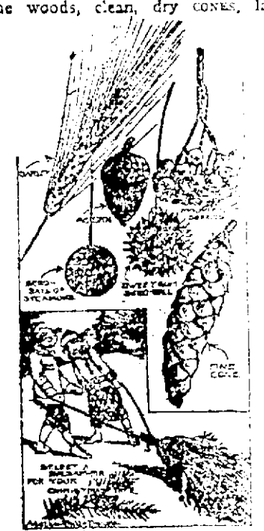
BY ADELIA BELLE BEARD

Suppose you put aside all the tinsel glass balls, glass fruit, and other artificial trimmings for your Christmas tree and this year use only honest-to-goodness decoration-things made by Nature, not manufactured in a factory. There are many to be found in the woods, the fields, the garden, and—yes the barn. Some grow wild, others are cultivated, but they all *grow*.

If you can go to the woods and bring home the tree yourselves, that will be a trip which will send the Christmas feeling down to the tips of your toes. Choose a Balsam-fir if you have a choice, its spicy, aromatic breath makes the air redolent of the Christmas season and its slender, symmetrical, cone shape, makes the young tree especially well adapted to the purpose.

Here are materials for your decorations. Clusters of red berries of any kind tied to the branches with narrow red or bright green ribbon. Berries of the MOUNTAIN ASH, HOLLY BERRIES, the dangling, four-lobed berries of the SPINDLE TREE, or BURNING-BUSH, and the pendulous coral drops of the BARBERRY BUSH.

Bunches of clean, yellow heads of BARLEY and other bearded grain from the barn, with their sprays of stiff hairs standing out like rays of light. Strings of shelled, golden CORN, also from the barn, and from the woods, clean, dry CONES, large



ACORNS, balls of the SYCAMORE TREE, the spiky balls of the SWEET GUM TREE, and many other dry seed vessels that are decorative.

Gild the cones and balls to make them shine and hang them to the branches by yellow strings several inches long. Add the time honored festoons of white popcorn and red cranberries; then let the tree bear real fruit; apples, oranges, clusters of grapes, nuts, and raisins, and it will be a real, not a make-believe Christmas tree.

WHO'S WHO

As chief of the American typhus expedition to Poland, Col. H. L. Gilchrist of the U. S. Army has a big job. Helping him with this work are 500 American soldiers and twenty-two officers, loaned by the government.

Colonel Gilchrist was in the first unit of the [illegible] expeditionary

force to reach Europe, arriving in England with the Lakeside hospital unit from Cleveland, Ohio, in May, 1917. Later he was transferred to the chemical warfare service. At the time the armistice was signed he had the tremendous job on hand of directing the delousing of the entire American expeditionary force, 97 per cent of which had cooties.

Delousing approximately three million Americans was a big task, but the job ahead of delousing some twenty-five million Poles is infinitely greater. Cooties in France were more or less harmless. In Poland the cootie carries the germ of typhus fever. Without the body louse as a carrier, typhus fever cannot be contracted.

It is reported that Colonel Gilchrist and his men, aided by the Polish government, are now delousing 10,000 Poles daily.

DEMOCRATIC PRESIDENTIAL POSSIBILITIES

Secretary of State Robert Lansing.

The name of Secretary Lansing as a presidential possibility has not been often mentioned. As a matter of fact, presidential possibility lists have rarely included the names of more than two cabinet members—Attorney General Palmer and Secretary of War Baker.

In Secretary Lansing's favor is his long experience in the most important cabinet position, his recognized ability as an international lawyer, and the fact that he hails from the politically important state of New York.

Robert Lansing was born at Watertown, N. Y., in 1864. He graduated from Amherst College in 1886 and three years later was admitted to the bar. He was associate counsel for the United States in the Behring Sea arbitration, 1892-3; counsel for the U. S. Behring Sea claims commission, 1896-7; solicitor for the U. S., Alaskan boundary tribunal, 1903; counsel, North Atlantic coast fisheries arbitration at The Hague, 1909-10; agent of U. S. at the American and British claims arbitration, 1912-14; counselor for department of state, March 20, 1914, to June 23, 1915; secretary of state in President Wilson's cabinet since June 23, 1915.

Secretary Lansing is the associate editor of the American Journal of International Law and is the co-author of a book entitled "Government, Its Origin, Growth and Form in the United States."

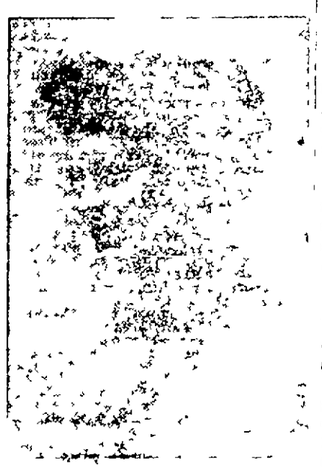
AMRICANIZING THE FOREIGNER IN ELYRIA

Thriving Churches and Schools, American Language and Government Taught in Night Schools, Lecture Courses on Americanizing, Patriotic Entertainments, Service Flag Dedication, Memorial Day and July Fourth Exercises, Only a Few of the Many Remarkable Accomplishments of Western Heights Social Welfare Workers.

Theodore Roosevelt the Ideal American said "It is not only necessary to Americanize the first generation of foreign birth who come among us but it is even more necessary for those among us who are by birth and ancestry heavy Americans, not to throw away our birthright, and, with incredible and contemptible folly, pander back to bow down before the alien gods whom our forefathers forsook."

In his book on "True Americanism," he says "The rising tide of immigration to our shores has brought much of good and much of evil, and whether the good or the evil shall predominate depends on whether these newcomers do not throw themselves truly into our national life and become Americans like the rest of us."

Almost every day newspapers tell of the Americanization work undertaken by factories



MISS EDITH GILL
Foreign Settlement Worker

schools and the government itself for the benefit of the foreigner who dwells among us.

To Americanize the immigrant means to get his acquaintance with the best that the country offers, the government of the people, the English language, the school and opportunities to better themselves by hard work and thrifty habits.

Many foreigners do not learn that there are golden opportunities for Americans to be found in the old country, urged for in the old country by those who would deprive them of their birthright would depict the land in such glowing colors that the old stay-at-home Americans would be induced to go there. How much more must be done to make the foreigner realize that this is the land of opportunity, to induce him to cast his lot with us, to become a real American?

The Lorain County Organization of Elyria is undertaking one of the most valuable services through its Americanization program. The success of this work by the General Public of Elyria, in the foundation which was necessary to produce the present results has required much united work and concentration of effort.

Under the direction of Miss Gill, Americanization classes of Elyria, there was opened on October 20, Western Heights Settlement house a school with an enrollment of 91. C. W. Koppes and Miss Ashbrook acted as teachers. On October 31, [illegible] Iron & Steel Company furnished offices to the board of education for the night schools. October 2 the northwestern district was organized in No. 3 fire station with 13 on the board and E. D. Adams school. Nearly all the Polish people in the city were enrolled and Mr. H. Wharton [illegible] secured the use of the school house. The school has been open [illegible] doors of the various schools and the classes are now being conducted in the various places. The night school enrollment of 120 additional pupils are expected Monday and Wednesday night training in the language of the English language and in the study of principles of the American government.

The following nationalities are represented in these night schools: German, Polish, Serb, German, Greek, Austrian, Albanian, Russian, Slavish and Bohemian. Plans were recently completed to Americanization lectures [illegible] with the success which the settlement is receiving from the citizens of Elyria the greatest results while are expected for this work. Nearly every man and woman who is a little thought to be [illegible] lems and conditions which are present from time to time will prove that Americanization is the necessary, all-pervading influence

language and the educational committee has an Americanization committee which met for the first time Oct. 21. The aim is to furnish speakers at the various night schools from time to time.

Among the notable public celebrations in the Elyria foreign settlement since the outbreak of the world war was the Memorial day observance the first year of the war, when every man, woman and child marched the streets of the city carrying flags and banners the sight of the pledging of their loyalty being a most impressive and never to be forgotten incident.

Another occasion was the dedication of the service flag of the settlement, on which were 23 names of lads who had gone to fight for the land of their adoption.

On July fourth last year the settlement pool, all clubs, lodges and school children formed in line and marched to the Settlement where led by a young girl representing Liberty and here reverently saluted the American flag.

Sufficient credit or praise cannot be extended Miss Gill, the faithful settlement worker for her untiring efforts in behalf of these new neighbors, but the result of her labor is plain, and she is beloved by each and every one of the people whom she strives to help and is heralded always upon sight, "Kish seanj, kish seanj," which means "Here comes little teacher."

The helpful suggestions, the addresses received proved very interesting and it will be a surprise if as a fruitful result the night schools do not increase in attendance. As a demonstration of the true American spirit Mrs. Carl Martin sang some other beautiful patriotic songs and Miss McKee who accompanied her on the piano also rendered a piano solo.

Rev. Csutoros of Cleveland was present and gave a powerful address on the same subject, drawing from his 20 years' experience, illustrations of the value of the knowledge of the English language and American citizenship.

The meeting was well attended and the assembly room was beautifully decorated with flowers contributed by Hoyt's Floral Florists.

Among the workers of the Americanization movement present were Mr. and Mrs. C. M. Brainard, Miss Carl Doerr, Mr. and Mrs. Wallace Bate, Mr. and Mrs. C. Lawless, Mrs. G. A. Lindsay, Miss Edith Gilbert, Miss Naomi Ashbrook.

The educational committee has selected working out larger and more definite plans for Americanization classes next month. During the past month the names of 300 non-English speaking foreign born applicants for first papers were secured from the court house. Secretary Bowen of the Chamber of Commerce, being interested, mailed to these 300 copies of letters more or less the following being a copy of that letter which was sent to all having their intentions.

Dear Sir:

You have filed application for citizenship papers at the county clerk's office.

The City of Elyria is interested in you as you take this step. It will be necessary for you to become thoroughly acquainted with our form of government in order that you may be able to pass the examination.

The City of Elyria wants you to attend the night school in order that you may qualify as an American citizen.

The first classes will open next Monday night at 7:30 o'clock at either the Settlement house or at the Elyria Iron & Steel Office. Come this first meeting and let us help you become an American citizen. Come to America you want to be a true American. Come to the public night school. Learn the American language. Educate yourself for [illegible]

AMERICANIZATION COMMITTEE

Copies of the above letter were sent to individuals not as yet applying for papers but had expressed a wish to attend night school.

The School of the high school [illegible] to be used at the Northwestern fire station No. 3. The first class went directly into the Ridge street school.

About fifteen adults are organized in night school classes meeting Monday and Wednesday evenings of each week. Each student to pay $2 and if he attended 50 per cent of the time the money was to be refunded minus the price of the books used. Nearly 75 per cent of the [illegible] paid for papers of intention.

A committee made up of [illegible] from each lodge and club of the settlement together with Rev. Kalbfleisch and Rev. Reeves and workers of the Settlement house met Oct. 1 at the house to discuss plans regarding an Americanization lecture course. Plans are being made to secure more speakers in the foreign

ROOSEVELT BOYS START COFFEE SHOP IN BUSY DISTRICT OF NEW YORK

It is the composite theory of Lieut. Col. Theodore Roosevelt Jr. his brothers Archie and Kermit, his brother in law, Dr. Richard Derby, and his cousin, Philip J. Roosevelt, that the aching void left in the heart of the New York theatrical district by the passing of the saloon may be at least partially plugged if the proper filling is used. In pursuance of this idea it became known yesterday the family has embarked upon a venture which it is hoped, eventually will take at least a portion of the sting from prohibition and prevent sociability—the one good feature of the old time American saloon, Philip Roosevelt thinks—from perishing entirely in these United States.

Eleven days ago the Roosevelts opened a Brazilian coffee house almost in the geographical centre of the theatrical district. It is to be the first of a chain of similar establishments soon to be running in all the larger cities of the country, and a determined effort is to be made to popularize coffee, especially among those who formerly met in convival parties for their daily ration of grog. Thus far, Philip Roosevelt said yesterday, the campaign of education has been even more successful than was hoped for and there is every prospect that within a year or so Americans may be transformed into a nation of happy and contented coffee drinkers.

In accordance with a carefully considered plan, the first of the proposed chain of coffee houses has been decorated in a subdued manner with green and gold wall paper and tables and wainscoting of oak and an illuminated sign over the door. In planning the de-

[illegible] to remember that Voltaire has been credited by historians with drinking no less than seventy five small cups of coffee each day and also that Shakespeare once had written, "Coffee thou art all the comfort the gods will give me with." As no effort is to be made to draw no small proportion of the establishment's patronage from the literati of the city snappily connected portraits, in color, of Shakespeare and Voltaire, have been placed conspicuously upon the walls, together with a work of art depicting the harbor of Rio De Janeiro, where the coffee which is being served comes from.

In addition to coffee, Brazilian pastry, sandwiches and some specially prepared Brazilian dish—a different one each day—also are sold. Writing paper and envelopes are arranged in little racks at each table for those who drop in with business matters on their minds. The general idea is to make the first of the Roosevelt chain of coffee houses a rallying spot for the gay-

[illegible] operations, and of the business [illegible] to remember that Voltaire has been credited by historians with drinking no less than seventy five small cups of coffee each day and also that Shakespeare once had written, "Coffee thou art all the comfort the gods will give me with." A Comfortable Home Is a Silent Influence for Good

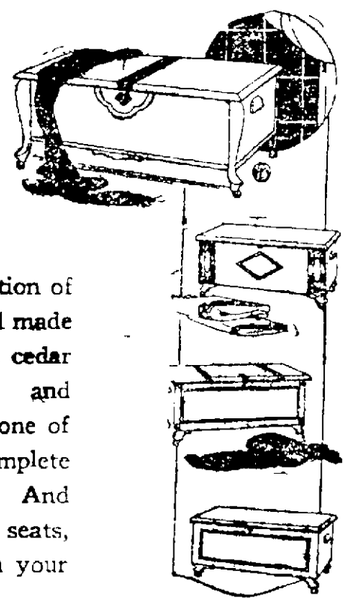
Christmas giving, to some folks, means a duty—an obligation. But to most of us it means a golden opportunity to show our friendship, our appreciation of what others have done for us. And especially is this true within the family circle. You can perform no greater service for your family than to make them comfortable and happy.

This is best accomplished by giving articles that fit into our daily life; something that will be a source of joy every time they are used. The articles portrayed here have been carefully selected with a view to making the home life just a little smoother, a little more comfortable. We have a large selection of other gifts.

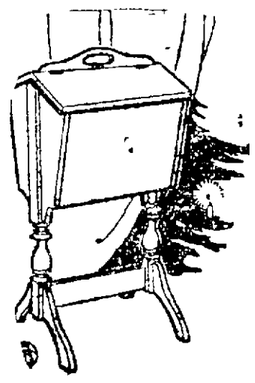
Cedar Chests

$16.65 to $42.75



We offer an unusual selection of cedar chests. They are all made of genuine Tennessee red cedar—handsome in design and trimmed in copper. With one of these chests you have complete protection from moths. And they make ideal window seats, too. They are well worth your inspection.

Priscilla Sewing Table

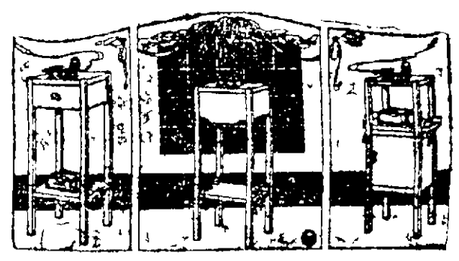


Priced $8.75 and $9.75

It is divided into two compartments, each with a separate cover. Beautifully finished in mahogany and very substantial.

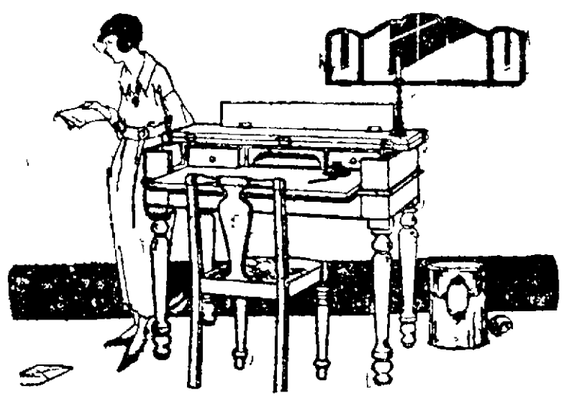
A Smoking Stand-- and Pleasant Evenings

Priced $2.75 to $25.00



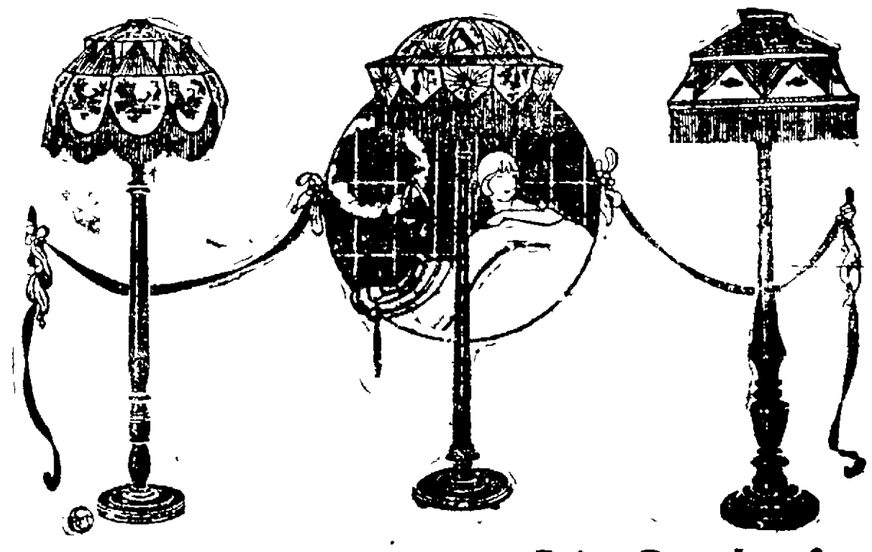
For a pleasant evening at home; something to smoke, and one of these handy smoking stands. They are all designed to meet the needs of the smoker. May be had in golden oak, fumed oak or mahogany finish.

Our goods are of highest quality—reasonably priced



Desk and Chair to Match $58.50

This spinet desk with chair to match will add an air of refinement and charm to your home. Of the William and Mary design it still reminds one of the old Colonial days. It has an extension writing surface. May be had in American walnut or mahogany.



Your Xmas Problem is Easy to Solve

CAPTAIN FAILS TO MAKE TEAM

A situation believed to be without precedent in intercollegiate football has developed at West Point, where Alexander George, the captain, failed to win a regular place on the eleven.

When candidates for the Army reported for practice, George was elected to captaincy. He had previously played at the Texas A. & M. school, but beyond this nothing was known of him as a player.

As the day of the opening game with Middlebury college drew close, it appeared that George, who is a quarterback, would be unable to displace Wilhide, who has been put at quarter. He was subsequently placed at end and at this position he also failed to show ability enough to win a regular position.

GOOD LUNCHEON DISHES.

Cheese Sauce—Make a white sauce and add cheese grated or cut in small pieces. Good in place of plain white sauce.

Creamed Salmon in Biscuit Cases—One can salmon, one cup cream sauce, six biscuits. Remove the salmon from the can; place it in a colander and run under running water or scald with boiling water. Break into small pieces; stir into the hot cream sauce; bring all to a boil and serve in baking powder biscuit cases that have been previously baked, cooled and hollowed out for the purpose.

Baked Macaroni with Peanut Butter—One cup macaroni broken in one-inch pieces, two cups milk, three-quarter buttered bread crumbs, three and one-half tablespoons peanut, one teaspoon salt, butter.

Cook macaroni in boiling salted water twenty minutes, or until soft, drain in strainer, and pour over one quart cold water to prevent pieces from adhering; then put in buttered baking dish. Heat milk in double boiler, and add gradually to peanut butter. Pour over macaroni, cover and bake in a slow oven forty with crumbs, and bake until crumbs minutes. Remove cover, sprinkle are brown.

Ham Mold—Two tablespoons of margarine or butter, one-quarter cup stale bread crumbs, two-thirds cup milk, one cup chopped cooked ham, two eggs, little parsley.

Melt the two teaspoons of fat, add the stale bread crumbs and the milk. Cook five minutes, stirring constantly. Add the cup of chopped ham, the parsley, and the two eggs slightly beaten. Salt if needed. This may be placed in individual molds in a pan of hot water in the oven twenty minutes or steamed in a brown-bread pan. Serve with Becamel sauce. This makes an excellent luncheon dish on the day following a ham dinner.

TRY THESE

Raisin Sandwiches—One-half cup of raisins, one-half cup of peanuts butter.

Put the raisins through a food chopper. Mix with peanut butter and a little plain butter. This is nice for whole wheat sandwiches.

A winter relish which may be made at any time when the supply runs low uses raisins as a base.

Raisin Relish—Two pounds of seeded raisins, two pounds of brown sugar, six cups of vinegar, four and one-half pounds of apples, one-half cup of salt, one ounce of white mustard seeds, one ounce of red pepper, one large chopped onion.

Peel, core and chop and add all the other ingredients. Boil for thirty minutes. Seal while hot in sterilized jars.

Rice Patties—One cup cooked rice, two heaping teaspoons flour, one teaspoon baking powder, pinch salt, one egg. Mix well, fry into small patties until brown. Serve plain or with maple syrup and bacon fried crisp.

PATRIARCH, 82, SENDS CALL TO MILLIONS IN FLOCK

"SUMMON the men! Call the women! Forget not the children!" This is the cry of the patriarch bishop of the American Episcopal Church, Rt. Rev. Daniel S. Tuttle, D. D., Presiding Bishop in the United States.

This is his call to his flock of more than a million communicants to support the nation-wide campaign of the church which aims to transform every "paper communicant" into a real churchman with the old-time zeal for the spread of Christian fundamentals.

The campaign, which ends with the Every Member Canvass on December 7, has a modest financial goal of $760,000 in the Northern Ohio Diocese. "The money quota is secondary in importance, says Rev. R. W. Woodin importance," says Rev. R. W. Woodroofe, campaign chairman in the diocese. "The drive is mainly for the revival of interest in things churchly."

Why The Nation-Wide Campaign?

BECAUSE—

Outside of the work of his own parish the average layman is ignorant of what the church is doing;

Only one-third of the people show interest in the parish churches by attending regularly or by supporting the work;

Promoters of every enterprise outside the church seek support in a business-like way.

The Nation-wide Campaign of the Episcopal Church is under way to inform the people, to renew interest in the church, and to make such demands as the needs justify.

JURY IN DAVIES CASE OUT SINCE 10 O'CLOCK

(Continued from Page One)

consistent with any other rational conclusion and such as to leave no reasonable doubt of guilt in the minds of the jury. This kind of evidence is legal and competent in criminal cases, and sometimes the most convincing, and if it is of such character as to exclude every reasonable doubt of the defendant's guilt, it is entitled to the same weight as direct and positive evidence.

As to the testimony of the defendant's good character and reputation, the court said a defendant in a criminal case has the right to offer such evidence as tending to raise a probability that one who had such a character would not commit such a crime, and such evidence, while not conclusive, should be considered with all the other evidence in the case. Such evidence may of itself create a reasonable doubt, and if it does, the defendant is entitled to the benefit of that doubt. But if, notwithstanding his previous good character, the jury are satisfied of the guilt of the defendant beyond a reasonable doubt, it will be their duty to so pronounce by their verdict.

At the conclusion of the Judge's charge some discussion arose among the attorneys as to the forms of verdict to be submitted to the jury, and these being agreed upon, the jury went into retirement at 10:25.

DRUGGISTS AND DOCTORS ASTONISHED AT WONDERFUL POWER OF NICOTOL TO STOP THE USE OF TOBACCO

To Detect Harmful Effects of Tobacco Try These Simple Tests

New York—Mr. Tobacco User, any druggist will tell you that a remedy to be successfully sold must, above everything, possess merit, otherwise failure is inevitable. Nicotol, the famous remedy for the tobacco habit, was a success right from the start, simply because it quickly does the work promised. We publish a few letters from some of the best known druggists in the country to give you an idea of what they think of Nicotol, and you may rest assured that they would not permit the use of their names unless Nicotol we something out of the ordinary. The Peoples Drug Stores have five of the best stores in Washington, D. C. They write "Since we have handled Nicotol the sale has been greater than that of all the rest of the articles of this nature which we have ever sold. The demand was so great that we were compelled to order it locally pending receipt of a shipment from you direct." Schramm-Johnson, who have six stores in Salt Lake City, say "We take this opportunity of expressing ourselves relative to Nicotol. We have enjoyed a very large sale on same and it has given entire satisfaction to our customers." Jacob Brothers of Philadelphia, Pa., have this to say "Our sales of Nicotol have passed our expectations. Our first order was placed late in March and we were forced to re-order before the end of April; the sales have kept up well ever since. There is no doubt that we are receiving many repeat orders from our customers and many expressions of opinion regarding the merit of this article have been very favorable." Dr. Conner, formerly of Johns Hopkins Hospital, tells how to detect the harmful effects of tobacco. Here is what he says: "Many men who smoke, chew or snuff incessantly and who are seemingly healthy are suffering from progressive organic ailments. Thousands of them would never have been affected had it not been for the use of tobacco to excess, and thousands would soon get well if they would stop. The chief habit forming principle of tobacco is nicotine, a deadly poison which when absorbed by the system, slowly affects the nerves, membranes, tissues and vital organs of the body. The harmful effect of tobacco varies and depends on circumstances. One will be afflicted with general debility, others with catarrh of the throat, indigestion, constipation, extreme nervousness, sleeplessness, loss of memory, lack of will power, mental confusion, etc. Others may suffer from heart disease, bronchial trouble, hardening of the arteries, tuberculosis, blindness or even cancer or the common affliction known as tobacco heart. If you quit tobacco to excess in any form you can easily detect the harmful effects by making the following simple tests. Read aloud one full page from a book. If in the course of reading your voice becomes muffled hoarse and indistinct, and you must frequently clear your throat, the chances are that your throat is affected, by catarrh and it may be the beginning of more serious trouble. Next, in the morning before taking your usual smoke, walk up three flights of stairs at a regular pace, then stop. If you find that you are out of breath, your heart beat is forced trembling or irregular, you may be a victim of functional or organic heart trouble. If you feel that you must smoke, chew or snuff to quiet your nerves you are a slave to the tobacco habit and are positively poisoning yourself with the deadly drug, nicotine. In either case you have just two alternatives—Keep on with the self poisoning process irrespective of the dangers and suffer the consequences, or give up the habit and escape the dangers. You can overcome the craving and stop the habit in a very short time by using the following inexpensive formula. Go to any drug store and ask for Nicotol tablets, take one tablet after each meal, and in a comparatively short time you will have no desire for tobacco the craving will have left you. With the nicotine poison out of your system your general health will quickly improve.

Note—When asked about Nicotol, the druggists one of our leading druggists said: "It is truly a wonderful remedy for the tobacco habit, away ahead of everything we have ever sold before. We are authorized by the manufacturers to refund the money to every dissatisfied customer, and we would not permit the use of our name unless the remedy possessed unusual merit. Nicotol tablets are sold in this city under an iron clad money back guarantee by all up-to-date druggists, including C. C. Bowers.

...Librarian would for one ...agine that she is collecting a private library She realizes that she is buying for a group of readers Aside from fiction I may truthfully say I do not buy a book unless I feel that I personally know those to whom the volume may prove of interest When you stop to consider the many thousands of titles which are published annually you will I am sure realize how useless it is to lay the blame on the Librarian when the particular book you want is not on its list

A library the size of ours that is a 30,000 volume library requires to keep it in good shape a force of four or five assistants to the Librarian This is another bone over which the Librarian has no control When two pairs of hands and two heads have to do the work for five or six pairs of hands and five or six heads you can readily realize from your own experience that some things must be charged or done or be slighted And it may be well to call your attention to the fact that it is right here on that the difficulty lies We have neither money nor space to keep a full force We realize the deficiency but how to remedy it is the question which confronts us We present at this meeting are of one mind I take it We want for ourselves and our children the best educational advantages that it is possible for the community to secure It is remarkable that a town the size of Elyria should have such an extensive collection of books I feel no embarassment in making this statement as I found a well selected assortment when I took up my duties something more than four years ago and naturally I have tried to keep it up to that standard, as far as means would permit

Elyria Library has a splendid collection of magazines and files of the periodicals The staff is a fine catalogue started and that it is growing it now contains more than 60,000 cards We know or ought to know that every reasonable guidance to be found at the Library And we hope to teach the H S students how to make use of the Library endeavor this year Every Friday afternoon at the 20 o'clock we have Monday you will find the person of the H S trying to make a group of some 30 scholars a little more conversant with Library methods I will mention of our reference collection Just drop up and see for yourself Children's books we have in numbers how be it not always in the most attractive part

The Librarian and her assistants are interested in their work and TRY to serve the public helpfully with a smile We want you to feel that it is your Library and that you are free to call on us whenever its staff can possibly give only we beg of you not to call upon us from 3:30 to 4:45 when the school people are clamoring at this time for service Remember that you can possibly come at other time

Granted all this where in does the trouble lie? To be frank it does not appear to me to lie at the door of the Librarian I know that I am earning my salary and that I am putting in hours in the morning when I would enjoy an extra snooze, and many evening hours when I would fain mingle with my kind trying to improve the service which is given the dear, and ever appreciative public I can do no more under existing conditions

This inefficient Library service does not lie at the hands of the Library Board They are doing all that it is possible to do with the means at their disposal In short I feel that it must be necessary, at times for them to go into their own pockets to make a larger budget for with the increased cost of living it has been necessary to meet increase all along the line, even to increased subscriptions to say nothing about the increase in book production. From experience you all know that invested incomes are not subject to change as are current commodities, and hence the increasing cost of running a Library has had to be met in some way How I know not!

The first duty I took up my duties as Librarian of the Elyria Library viz July 1st 1915 a borrower of the advantages offered by the Library said to me, It is a shame that Elyria has not adequate Library facilities. I agreed And since that time there has been a variety of tunes upon that same theme And each of my hearers can construct a similar one. But these isolated walls get one no where.

There was a time not two years distant when it was a well known fact that the housing of the Elyria Library was a delicate problem because it was a hopeless one If the Library ceased to use the building at 411 Broad street for Library purposes the property would revert to the heirs, along with the thousands of dollars worth of books on its shelves But through a construction of the 'will' that is no longer the case It is now possible to move the volumes of the Library to a new home and use the income from the income from the present building to support the Library in its new home, wherever that may be So you see the housing proposition is up to the public

We know we need more help. We know we should be open longer hours. A Library in Elyria should be open from 10 a m to 8 30 p m at least Sundays and holidays excepted, so that not only the society folks and school people can profit by it but the housekeepers and business men as well. It looks to me as if Elyria had now reached the place where she must look this matter squarely in the face. This cannot be done until each person in the community interested in civic improvement, asks himself, and herself the question 'How much does the Library mean to me and mine, and in how far am I responsible to the community for its proper maintainance?' If the Elyria Library had an adequate new home and from $4000 to $5000 a year more to run on you fellow citizens of Elyria, would have no occasion to hang your heads in shame when the name of the Elyria Library is mentioned in a neighboring city.

With the selecting, purchasing, preparing of boks, sorting and classifying of pamphlets choosing of magazines and supervision of the service given the public, my duties as librarian end. I can not put up a building "shackled up to you in co-operation with the Library Board I cannot put my hands in my pocket and make up the deficiency which must be met, if we, here in a city of 25,000 are to have the best possible of Library service. That is up to you and your neighbors

Miss Peterson added she hoped "you parents and teachers of Elyria, with your eyes open to the Library needs of Elyria will not now cease your efforts until that is accomplished which will make the Elyria Library one of which the 100 per cent City may justly be proud

Bishop Tuttle has been interested particularly in the project to furnish the church's modern circuit riders with automobiles.

Army Blankets Will be Sent by Mail to Buyer

During the past few days the mayor has received a number of inquiries regarding the purchase of army blankets, and other materials for the winter season, and had been unable to quote prices but he now has received a price list, issued by the army retail store at Columbus, Ohio.

An order has been issued to relieve congestion in the mails during the holiday season to suspend mail orders after December 10. Orders accompanied by the money will be received for mail shipment up to that date, the government paying the postage. By calling at the mayor's office a list of articles on sale can be seen.

Paper Shortage Hits Publishers

Erie, Pa., Dec. 5.—At a recent meeting of some twenty daily newspaper publishers of northwestern Pennsylvania at Corry it was unanimously agreed that if the newspapers of this section are to survive and maintain their character a material increase in subscription and advertising rates is imperative and must be put into effect very soon. The reason given for the necessity of this action is the high cost of materials, and particularly print paper. The following statement was adopted:

"The situation confronting the publishers of this section created by the increasing cost of paper and all materials is such that in our judgment an immediate increase in advertising rates is forced upon all publishers. We have not the slightest disposition to join the profiteers but we cannot produce newspapers and maintain their grade and character without receiving for the service rendered a more nearly adequate return than that afforded by existing rates. We believe that the public must and will recognize that this course is forced upon us and will sustain us in it."

UNIVERSAL LAW FOR MARRIAGE AND DIVORCE

Endorsement Given Such at Inter-Church Delegates in Recent Conference.

"It has been our privilege to participate in what I believe to be the most important religious gathering ever held in the state of Ohio," said P. H. Metcalf, former Elyrian on his return to Cleveland from Columbus, where he has been in attendance on the educational conference of the inter-church world movement. Thursday in connection with the other delegates from Lake County, will immediately get under way the work of disseminating the information and plans for the local application of the principles of the Inter-church Movement. These contemplate co-operation among the churches rather than competition, a direct survey of all big problems, including over-churching and under-churching, consideration of labor difficulties higher ideals in business and social life, and a more extended program in both the home and foreign mission fields.

The conference endorsed the Community Church as a social center, and a means of breaking down denominational barriers.

Tuesday morning's session of the conference strongly endorsed universal marriage and divorce laws for the United States. There was a heated discussion over the indiscriminate methods of performing marriage ceremonies by the clergy of the country. It was the belief of some of the ministers present that no marriages should be solemnized by any persons not authorized by some church organization, and that all Justices of the Peace should be dispensed with.

The raising of the question of whether ministers should perform ceremonies for persons who have been divorced, brought out the point that in Shelby County, the Ministerial Association has agreed that no minister will peform the marriage ceremony for a divorced couple, except those who have been divorced on scriptural grounds.

LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody will Know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is mussy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

—at last

A real phonograph, an instrument which produces *originally* all the harmony and beauty of the cello, the chorus, the piano—without even a hint of the pan-like nasal effects which pain the ear and make you tire of other instruments.

The Music Master

YOU are invited to listen, like the master in the etching above, to the true music of this wonderful instrument — clear, full, deep, open as the original itself.

We ask you to come and hear the first phonograph in all the world which really does justice to the piano. The Music Master does this with a fidelity that is hardly believable.

YOU hear the first *true* orchestration you have ever heard on a phonograph, and remember that the Music Master plays all disc records.

Note the exquisite cabinet work of the Music Master, mahoganies in the richest and deepest tones of that rare wood. Note the electrically lighted tone arm, diamond point needles for special records. Indeed—and truly—the first *phono-graph*.

BOLIVIA IS GIVEN OUTLET TO SEA

Map shows location of strip.

1—Chile has given Bolivia on outlet on the Pacific by ceding a strip of land north of the province of Arica The location of the strip is not definitely stated, but it probably includes the city and province of Tacna. There is a railroad from Tacna to La Paz, the largest city of Bolivia.

2—The provinces of Tacna and Arica were taken from Peru and Chile thirty-five years ago They contain the richest nitrate beds in the world. The whole northern end of Chile from Antofogasta northward is rich in nitrate wealth. The northern provinces have been a subject of dispute between Peru and Chile Peru claimed that Chile had not carried out the plebiscite agreed on ten years after peace was signed. Bolivia's claims received little attention Chile announced that she would hold the former's province until a large indemnity was paid. It was never paid, and so Chile kept right.

Some months ago suggestions were made that the whole matter be submitted to the league of nations and Bolivia was reported to be preparing to submit claims

A few days ago one of the periodic crises came up between Peru and Chile, with Peruvian troops reported to be invading Chile The ceding of the strip of land to Bolivia will put a buffer between Peru and Chile and probably forestall future trouble.
